**R.E CURRICULUM** As part of our R.E curriculum, we teach a range of religions which gives pupils valuable insights into the diverse beliefs & opinions held by people today. This helps with their own personal development and supports an understanding of the spiritual, moral, social and cultural questions that surface again and again in their lives. Over the past few years, as it has gained in popularity, we have been teaching the children about Humanism. We always endeavour to give the children hands-on experiences which they will remember. To support this, we are asking anybody who follows the Humanism religion to come into school to talk to different classes about Humanism and what being a Humanist means to them. If you know of any grandparent, neighbour, friend or family member that would be able to support us with this we would be very grateful if they got in touch. We are currently organising educational visits to support the children's learning in other religions, but similarly, if you - or you know of anybody- who would like to come in and talk to the children about your religion then we would very much welcome you to do so.
